

# QUALITY TRACINGS and Easy Clean-Up

NuPrep™ skin prepping gel and Ten20™ Conductive paste have been used successfully over the past 10 years by electroneurodiagnostic technologists in hundreds of hospitals in the U.S. and abroad. The abrasive in patient-friendly NuPrep gel helps lower impedances

at the electrode site, helping to improve tracings. And the washable, non-drying formulation of Ten20 Conductive paste makes cleaning up easy and quick.

*For more information about NuPrep skin prepping gel and Ten20 Conductive paste, please contact us at The Electrode Store at 1.800.537.1093, or visit our website at [www.electrodestore.com](http://www.electrodestore.com).*

NuPrep gel and Ten20 Conductive paste are manufactured by Weaver & Company, in Aurora, Colorado.
